

Waystone Expands Presence in Dubai as Demand for Services Grows

March 26, 2025

Waystone, a leading provider of specialist services to the global asset management industry, has today announced the opening of a new office in Dubai as part of its continued expansion in the UAE. The move comes in response to growing demand for its Compliance Solutions business and Waystone's broader strategic growth in the region.

Located in Gate Village at the Dubai International Financial Centre, the new office replaces Waystone's previous Dubai location, which it had outgrown after 15 years. With an established presence in both Dubai and Abu Dhabi, the expansion reflects Waystone's commitment to strengthening its regional footprint and enhancing its product suite to better serve clients.

This milestone follows Waystone's global expansion efforts, including the recent opening of its London, Paris and Mumbai offices to support fund governance, administration, and compliance services worldwide. Waystone boasts an extensive global presence with over 20 offices across Europe, the Americas, Middle East and Asia.
